Hello all,

It's important that the folks at the Partnership ensure that PSP staff associated with the \$6M "Outreach, Education, and Stewardship" EPA grant review the Swinomish proposal on public information and make appropriate connections to that large effort.

Thanks,

Lisa

Dear EPA/PSP Review Team:

Please find enclosed the very last tribal proposal for your review, Swinomish. Please note that they have chosen to divide their workplan into two separate documents. I have not attached the review calendar for this proposal as I am hoping that you will be able to review this proposal as quickly as you are able.

Thank you to everyone for your invaluable comments on these proposals. You all have been so great and responsive in this process and we, at the Commission, would like to thank you all for the amount of time, attention, and care that you have put into your reviews.

Many many thanks (hayu masi),
